Hello everyone,

This week we have for you Babylon 5 RPG 2nd Edition (core, module and a GM Screen), True20 from Green Ronin, new Mega Miniatures (for those unfamiliar with this line, they are "classic" style pewter miniatures that are really taking off), Red Dragon Slippers from Toy Vault (good gift idea), and a collection of War Games including some obscure titles - you'll see in the condition note many of these are missing the boxes, but have overall been taken very nice care of.

Have a great week,
Aaron Leeder
